INDEX TO VOLUME 27

Abnormalities in the uterine young of the fresh-water snail *Campeloma rufum* (Mattox), (2):156

Academy business
- Affiliated high school science clubs, (4):303
- Affiliated societies, (4):304
- Affiliation, report of committee on, (4):290
- Annual meeting, minutes of (28th), (4):282-7
- Auditing committee, report of, (4):289
- Conservation, report of committee on, (4):295
- Constitution and by-laws, (4):298
- Council meetings (1934-35), (4): 279-82
- Ecological survey, report of committee on, (4):291
- Editor, report of, (4):290
- High School Science and Clubs, report of committee on, (4):291
- Illinois Conservation Council, report of delegate to, (4):295
- Junior Section, constitution and by-laws, (4):301
- Junior Section, winners of awards, (4):284-7
- Legislation and finance, report of committee on, (4):291
- Librarian, report of, (4):290
- Publications committee, report of, (4):289
- Resolutions, report of committee on, (4):296
- Treasurer, report of, (4):288

Alaska, retarded development of (Ayrs), (2):100

Amylase activity, effect of potassium cyanide upon (Englis and Page), (2):74

Archeology
- Archaeological reconnaissance in southern Ill., 1933 (Merwin), (2):53
- Earliest inhabitants of Ill. (Neumann), (2):54
- Kingston (Ill.) focus of the Mississippi , culture (Simpson) (2):55
- Prehistoric timetables (Voss); (2):56

Artichoke sirup, occurrence of a pectin material in (Englis and Harrison), (2):73

Automobile and wild life (Flint), (2):150-3

Ayrs, Emma, Retarded development of Alaska, (2):100

Balduf, W. V., Entomophagous parasitism among the beetles, (2):149

Barberry eradication in Ill. (Bills), (2):59

Beetles, entomophagous parasitism among (Balduf), (2):149

Behre, C. H., with Scott, E. R., Structural control of ore deposition in the Wis.-Ill. lead-zinc district, (2):117

Bevan, Arthur, Research on Paleozoic formations in Va., (2):109

Bibliography of the ecology of Ill. (Vestal), (2):163-261

Bills, Robert W., Barberry eradication in Ill., (2):59

Biological principles underlying the field of education (Montgomery), (2):159

Blanchard, W. O., Ten points of emphasis in the geography of Ill., (2):101-2

Bockstahler, Lester I., Electron diffraction and the physics of solids, (2):131

Bonnell, Clarence, A. four-hundred acre lake disappears, (2):110

Botany
- Barberry eradication in Ill. (Bills), (2):59
- Bryophytes of Macon Co., Ill. (Galligar), (2):60-1
- Manito swamp, stratigraphical study of the (Voss), (2):66-68
- Micro-technique, new methods in paleobotanical (Noé), (2):64
- Mosses from the Ill. Ozarks (Hague), (2):62-3
- Yeasts, effect of ultra-violet light on fermenting ability of (Tanner and Byerly), (2):65

Bryophytes of Macon Co., Ill. (Galligar), (2):60-1
Byerly, J. Roy, with Tanner, F. W., Effect of ultra-violet light on the fermenting ability of yeasts, (2):65
Catfishes of Ill., skeletal modifications in river (Hoheisel), (2):155

Chemistry

Amylase activity, effect of potassium cyanide upon (Englis and Page), (2):74
Artichoke sirup, occurrence of a pectin material in (Englis and Harrison), (2):73
Cuprous oxide, use of ceric sulfate for the determination of (Englis and Stegeman), (2):75-6
Fries isomerization, mechanism and application of the (Sekera), (2):81-2
Fuels, suggestions on teaching in elementary chemistry (Franklin), (2):77
Microchemistry, technique of (Reedy), (2):79
Perchloric acid, explosive reaction with metallic bismuth (Nicholson and Reedy), (2):78
Rare earth group, recent developments in (Hopkins), (1):5-17
Serum colloids, changes in hydration, as a general feature of disease (Schulhof), (2):80
Whipped cream, new aeration process for the preparation of, (2):71-2
Clay-veins in the Springfield (No. 5) coal (Roe), (2):115
Coal balls, new American plants from the Pennsylvanian period as preserved in (Noé), (2):112
Coal, integration of sciences required for a logical study of (Thiessen), (2):119-20

Conservation

Lands, classification of Illinois (Smith), (1):23-26
Land resources (Mumford), (1):19-22
Lands, utilization for forestry, wild life and recreation (Frison) (1):33-38
Soil erosion menace (Fisher), (1):27-31
Cuprous oxide, use of ceric sulfate for the determination of (Englis and Stegeman), (2):75-6
Decatur, Ill., a study in urban geography (Poggi), (2):85-99
Decatur region, subsurface stratigraphy of the (Workman), (2):122-3
Devonian, subsurface straitigraphy in western Illinois (Workman), (2):123-4
Earliest inhabitants of Ill. (Neumann), (2):54
Ecology of Ill., bibliography of (Vestal), (2):163-261
Electric cell, model simulating ion and electron flow (Knipp), (2):129-30
Electron diffraction and the physics of solids (Bockstahler), (2):131
Englis, D. T., and Harrison, H. E., Occurrence of a pectin material in artichoke sirup, (2):73
Englis, D. T., and Page, J. O., Effect of potassium cyanide upon amylase activity, (2):74
Englis, D. T., and Stegeman, R. A., Use of ceric sulfate for the determination of cuprous oxide obtained by the action of reducing sugars on Fehling's solution, (2):75-6.

Farrington, Oliver Cummings (Memoir), (1):43
Fisher, F. A., Our soil erosion menace, (1):27-31
Flint, W. P., Automobile and wild life (2):150-3
Flow of liquids through submerged orifices (Kunz), (2):132
Fossaria, seasonal life history of a snail of the genus (Van Cleave), (2):161
Foucault pendulum, notes on (Larson), (2):135
Franklin, G. T., Suggestions on the teaching of fuels in elementary chemistry, (2):77
Fries isomerization, mechanism and application, (Sekera), (2):81-2
Frison, T. H., Utitlization of Ill. lands for forestry, wild life and recreation, (1):33-38
Fuels, suggestions on teaching in elementary chemistry (Franklin), (2):77
Furrow, Clarence Lee, Sexuality among prosobranch molluscs, (2):154
Galligar, Gladys Charlotte, Some bryophytes of Macon Co., Ill. (2):60-1

Geography
Alaska, retarded development of (Ayrs), (2):100
Decatur, Ill., a study in urban geography (Poggi), (2):85-99
Haitian pattern of occupance, items in (Platt), (2):104
Ill., ten points of emphasis in geography of (Blanchard), (2):101-2
Tobacco region of southern Wis., geography of (Lathrop), (2):103
Vancouver, B. C., pattern of the port of (Stevens), (2):105-6

Geology
Clay-veins in the Springfield (No. 5) coal (Roe), (2):115
Coal balls, new American plants from the Pennsylvanian period as preserved in (Noé), (2):112
Coal, integration of sciences required for a logical study of (Thiessen), (2):119-20
Decatur region, subsurface stratigraphy of (Workman), (2):122-3
Devonian, subsurface stratigraphy in western Ill. (Workman), (2):123-4
Glaciology of the Decatur region (Leighton and Ekblaw), (2):111
Lake disappears, a four-hundred acre (Bonnell), (2):110
Lake Michigan, effects of barometric pressure and winds on the level of (Powers), (2):113-4
Miocene *Turritellidae*, ovoviviparous reproduction of (Sutton), (2):118
Ore deposition in the Wis.-Ill. lead-zinc district, structural control of (Scott and Behre), (2):117
Paleozoic formations in Va., research on (Bevan), (2):109
Pennsylvanian cyclothems, boundaries of (Weller), (2):121
Port Byron limestone and its fauna (Savage), (2):116
Getz, C. A., with Smith, G. F., New aeration process for the preparation of whipped cream, (2):71-2
Glaciology of the Decatur region (Leighton and Ekblaw), (2):111

Hague, Stella Mary, Mosses from the Ill. Ozarks, (2):62-3
Haitian pattern of occupance, items in (Platt), (2):104
Harrison, H. E., with Englis, D. T., Occurrence of a pectin material in artichoke sirup, (2):73
Hoheisel, William F., Skeletal modifications in river catfishes of Ill., (2):155
Hopkins, B. Smith, Recent developments in the chemistry of the rare earth group, (1):5-17
Ill., ten points of emphasis in geography of (Blanchard), (2):101-2

Knipp, Charles T., Compact vacuum gauge for measuring pressures ranging from .2 mm down to .0001 mm of mercury, (2):127-8
Knipp, Charles T., Model of an electric cell, simulating ion and electron flow, (2):129-30
Knipp, Charles T., Renewed activity of radium bromide after heating, as revealed in a Wilson expansion chamber, (2):128-9
Kunz, Jakob, Flow of liquids through submerged orifices, (2):132
Kunz, Jakob, Present crisis in theoretical physics, (2):133-4
Lake disappears, a four-hundred acre (Bonnell), (2):110.
Lake Michigan, effects of barometric pressure and winds on the level of (Powers), (2):113-4
Land resources, significance of the conservation of (Mumford), (1):19-22
Lands, classification of Ill. (Smith), (1):23-26
Lands, utilization for forestry, wild life and recreation (Frison), (1):33-38
Larson, K. G., Notes on the Foucault pendulum, (2):135
Lathrop, H. O., Geography of the tobacco region of southern Wisconsin, (2):103
Leighton, M. M., and Ekblaw, G. E., Glaciology of the Decatur region, (2):111
Living vs. dead (Stanislaus), (2):160

Manito swamp, stratigraphical study of the (Voss), (2):66-68
Mattox, Norman T., Abnormalities in the uterine young of the freshwater snail *Campeloma rufum*, (2):156
